DOBOGENIA

Soluble Silicate + Stevia Extract

PLANT TONIC

1 Litre

DOBOGENIA is a mixture of natural soluble silicate and stevia extract. It increases the taste and sugar content of the plant. Stevia is a natural herb that contains sugar content over 200 times higher than regular sugar. As the main ingredient is natural mineral silicate extract, it is an environmentally friendly product, which makes it perfectly suitable for organic farming.

Main Benefits

- Enhances sugar content of crop
- Promotes cell division and cell growth
- Prevents lodging and increases photosynthesis
